SPENDWISE

Smart budgeting. Smarter spending.

by

Omar Malele

PROBLEM STATEMENT

- People make frequent small purchases without recording them, making it difficult to know how much they spend.
- Without organized expense information, users may struggle to understand where their money is going
- When spending isn't monitored, users can exceed their planned limits and find it harder to manage their money.

THE SOLUTION

With spendwise users can ;

- Track their expenses
- understand spending
- manage budgets

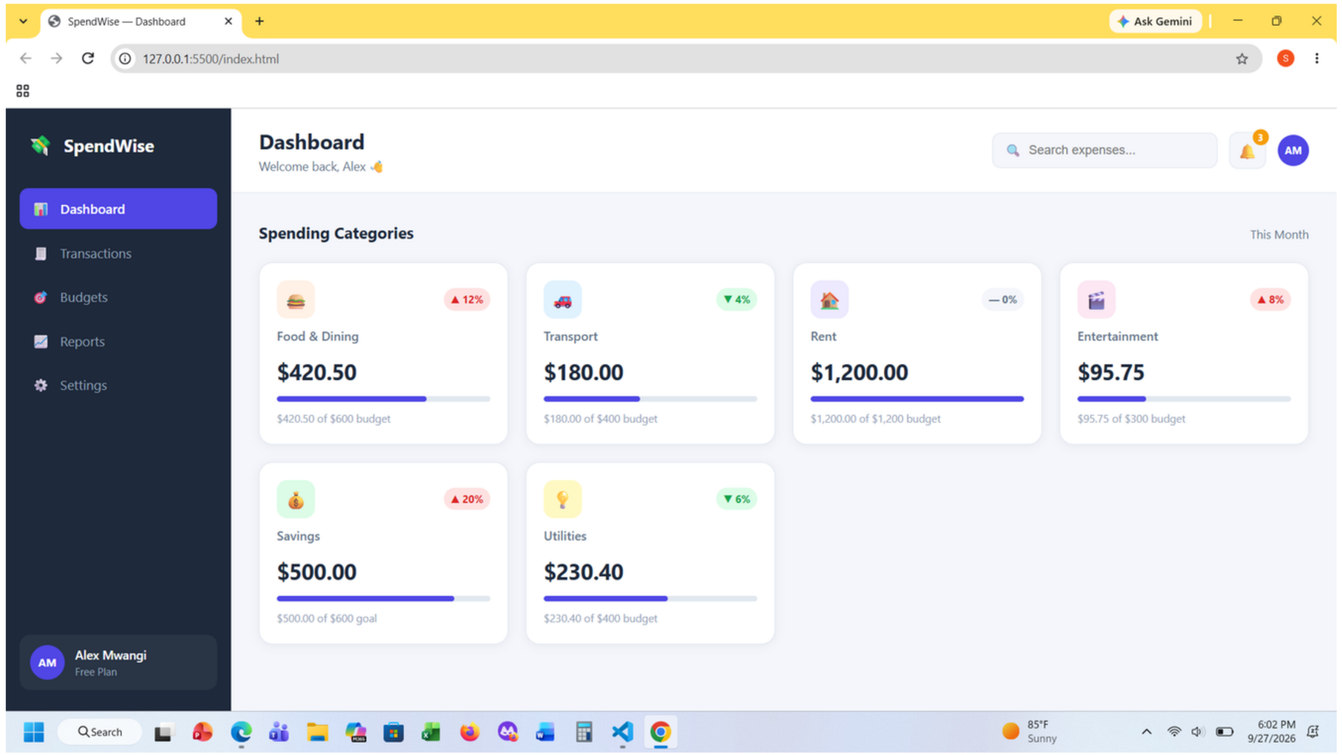

Product

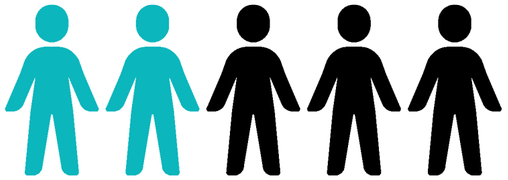

WHAT SPENDWISE DOES

SpendWise is a personal budgeting and expense-tracking platform which does the following ;

- Records incomes
- Tracks expenses
- Categorizes expenses
- Monitors bughets
- shows spending information

Target Market

UNIVERSITY STUDENTS

Students who need a simple way to track expenses and manage budgets.

🇰🇪 KENYAN UNIVERSITY STUDENTS

Our initial target market is students in Kenyan universities

81.5%

Mobile-phone ownership among Kenyan youth aged 18–34.

Market Size

TAM — 100% 🌍

Global students & young adults

Everyone who could potentially use a personal budgeting tool.

SAM — 30% 🌍

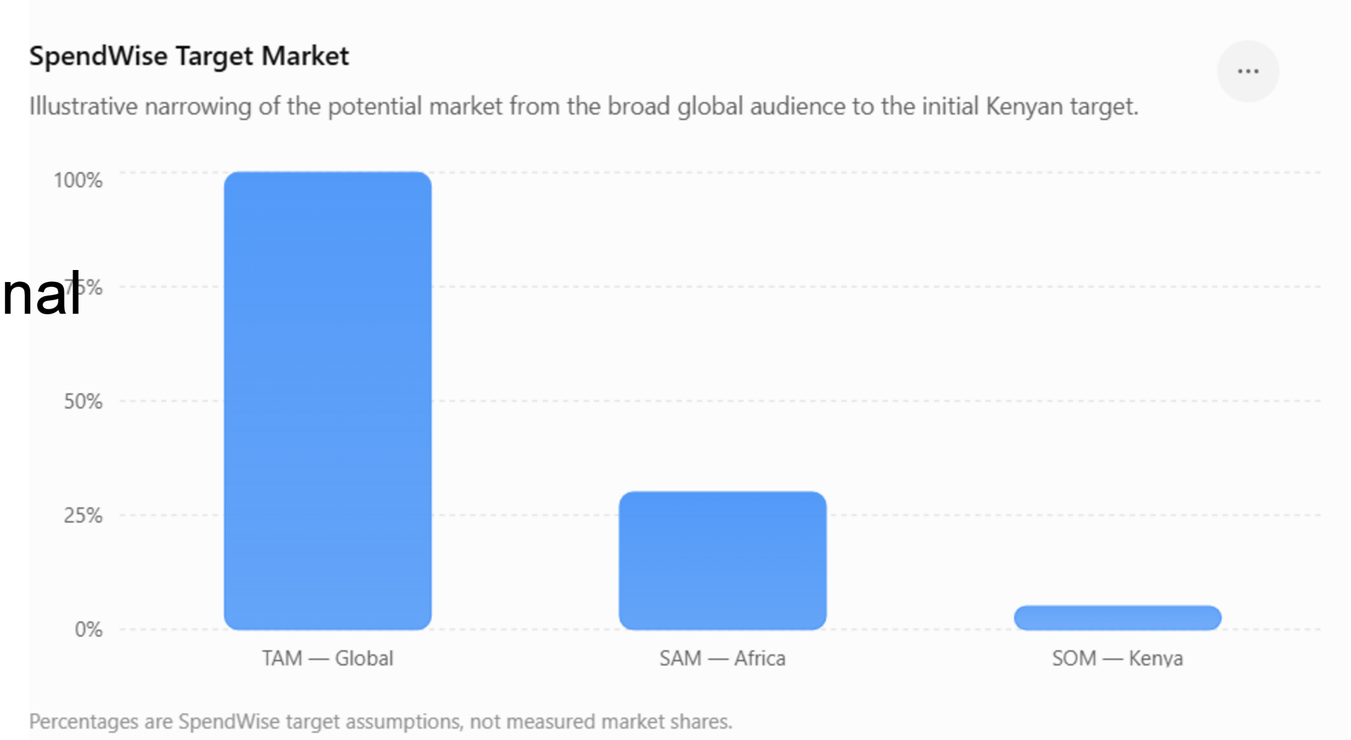

Students & young adults in Africa

The portion of the broader market that SpendWise could target as it expands across Africa

SOM — 5% 🇰🇪

University students in Kenya

The initial market SpendWise aims to reach.

Competitors

Competiitors and their services

- **M-Shwari**: Savings and loans.
- **Excel/Google Sheets**: Manual budgeting and expense tracking.
- **Other budgeting apps**: Personal finance management.
- **SpendWise**: Combines budgeting, expense tracking, and savings goals in one simple platform designed for students and young adults.

Key difference: SpendWise is student-focused, simple, and combines multiple money-management features in one platform.

Competitive Advantage

WHAT MAKES SPENDWISE UNIQUE

- **Student-focused** —Spendwise is built specifically for students and young adults
- All-in-one budgeting —It Combines expense tracking, budgeting and savings goals
- Simple and accessible — Easy to use without complicated financial tools.
- Locally relevant — Designed with the needs of Kenyan users in mind.
- Better spending awareness — Helps users understand where their money goes and manage it effectively.

Project Traction

Project Traction

- Prototype developed — SpendWise dashboard and budgeting interface created.

- Core features designed — Expense tracking, budgeting and savings goals.
- Target users identified — University students and young adults.
- Testing stage — Ready for user feedback and improvements.
- Next step — Test with students and expand the platform based on their feedback.

“SpendWise has progressed from an idea to a working prototype, with the next stage focused on user testing and validation.”

Business Model

How SpendWise will create value and make money

- Freemium model — Basic budgeting features are free.
- Premium subscription — Users pay for advanced features.
- Advertising — Relevant financial and student-focused businesses can advertise.
- Partnerships — Potential partnerships with universities, financial institutions and other organizations.
- Target customers — Students and young adults.

“SpendWise will attract users through a free budgeting platform and generate revenue through premium features, advertising and partnerships.”

Go To Market

How will SpendWise get into the hands of the targeted users.

- University outreach — Introduce Spendwise to students through campuses and student organizations.
- Social media marketing — Promote Spendwise through TikTok, Instagram and Facebook.
- Student ambassadors — Work with students to promote and demonstrate the platform.
- Free access — Offer basic features for free to attract initial users.
- User referrals — Encourage existing users to invite other students.
- Expansion — Start with Kenyan universities and gradually expand to other African markets.

Social Impact

- SDG 4 – QUALITY EDUCATION: HELPS STUDENTS MANAGE THEIR FINANCES SO THEY CAN BETTER SUPPORT THEIR EDUCATION.
- SDG 8 – DECENT WORK AND ECONOMIC GROWTH: PROMOTES FINANCIAL AWARENESS AND RESPONSIBLE MONEY MANAGEMENT AMONG YOUNG PEOPLE.
- SDG 10 – REDUCED INEQUALITIES: PROVIDES ACCESSIBLE BUDGETING TOOLS FOR STUDENTS FROM DIFFERENT FINANCIAL BACKGROUNDS.
- SDG 12 – RESPONSIBLE CONSUMPTION AND PRODUCTION: ENCOURAGES RESPONSIBLE SPENDING AND REDUCES UNNECESSARY EXPENSES.
- SDG 1 – NO POVERTY: SUPPORTS BETTER FINANCIAL PLANNING AND SAVING TO HELP USERS MANAGE LIMITED RESOURCES.

Our Ask

- **FUNDING: KSH 100,000 TO SUPPORT THE DEVELOPMENT AND LAUNCH OF SPENDWISE.**
- **40% – TECHNOLOGY: DEVELOPMENT, HOSTING AND SOFTWARE TOOLS.**
- **25% – MARKETING: SOCIAL MEDIA PROMOTION AND STUDENT OUTREACH.**
- **20% – TESTING: USER TESTING, FEEDBACK AND IMPROVEMENTS.**
- **15% – OPERATIONS: MAINTENANCE AND OTHER LAUNCH COSTS**
